Following his stunning photo-safari in Africa and an unprecedented helicopter voyage from Europe to Africa in *Eyes over Africa*, the award-winning photographer has ventured to the polar regions. With his inimitable blend of intimate close-ups and cinematic landscapes, Poliza leads us through the magical worlds of these frozen paradises most threatened by global warming. Poliza shows polar bears as they frolicked among purple fireweed against the majestic Arctic backdrop, varied and

multicolored icebergs, as well as a number of rare and endangered species from both the Arctic and Antarctic. Forewords by H.S.H. Prince Albert II of Monaco, David de Rothschild (Adventure Ecology), Stefan Schulze-Hausmann (German Sustainable Award) and Uta Gruenberger.
