著者:Bernard Crick

出版者:Univ of Chicago Pr (Tx)

出版时间:1972-12

装帧:Paperback

isbn:9780226120652

In this illuminating celebration of the political world, Bernard Crick asserts that politics, with its compromises and power struggles, remains the only tested alternative to government by coercion, making both freedom and order possible in heterogeneous societies. For Crick, politics is messy and complex, and his book defends it against those who would identify it with (and reduce it to) ideology, democracy, nationalism, or technology.

作者介绍:
