## Product Description

Following the success of *Anatomy for the Artist* and *Sketch Book for the Artist*, *Botany for the Artist* teaches readers in step-by-step illustrations and expert narrative instruction how to master the art of drawing plants. Page after page of beautiful,

detailed photographs complement Sarah Simblet's illustrations showing how an understanding of botany really helps you to draw plants; drawing classes provide a wealth of practical how-to advice; and pages from Sarah's own sketchbooks as well as inspirational master classes reveal how other artists-from 17th century masters to contemporary botanical illustrators-have portrayed plants throughout the years. This lavishly illustrated book will not only be the definitive guide for those wishing to master the art of drawing plants, but a sumptuous gift book for all those passionate about plants and how they are portrayed in art.

## About the Author

Sarah Simblet teaches at the Ruskin School of Drawing and Fine Art, University of Oxford, and at the Royal College of Art in London. She is the author of the highly acclaimed *Anatomy for the Artist* and *Sketch Book for the Artist* and has had three solo shows of her large-scale work.
