出版者:Duckworth Publishers

出版时间:2008-08-28

装帧:Paperback

isbn:9780715626740

L.A. Wilding's Latin Course for Schools is well established as an excellent introduction to the language, providing details of grammar and syntax in an ordered and easily assimilable sequence. Continuous translation from original sources is used throughout the course from the earliest stages, both in order to give pupils a sense of progress and achievement and to instill a genuine interest in Latin.
