In celebration of the 100th New Directions celebrates the Pablo anniversary of Pablo Neruda's birth, New Neruda Centennial. Directions is pleased to announce the reissue of a classic work in a timeless translation by Donald D. Walsh and fully bilingual. Residence on Earth is perhaps Neruda's greatest work. Upon its publication in 1973, this bilingual publication instantly became "a revolution... a classic by which masterpieces are judged" (Review). "In Residence on Earth," wrote Amado Alonso, "the tornado of fury will no longer pass without lingering, because it will be identified with Neruda's] heart."
