"Jane's Chem-Bio Handbook: International" has been developed by experts from the fire and police services, as well as from the military. Considering and addressing the needs of UK and international first-responders, this comprehensive pocket guide details the range of critical planning and response procedures for a chem-bio incident. Fundamental on-scene procedural information ensures international first-responders have the resources necessary in planning for, responding to and managing the aftermath of a chem-bio incident. Customization of handbooks, for quantities of 500 or more, is available to allow you to integrate the expertise of Jane's information with your organization's details. Based on the "Jane's Chem-Bio Handbook: Second Edition", the "Jane's Chem-Bio Handbook: International" is a comprehensive pocket guide detailing the range of critical planning and response procedures for a chem-bio incident.
