Grammar school -- it's all about eating and sleeping. Well, for Chet Gecko, anyway. To Chet, nothing is more divine than a plate of Mrs. Bagoong's Mothloaf Surprise followed by a sweet bit of shut-eye on the playground. (Besides a few Pillbug Crunch bars and a monthlong holiday, that is.) In these two hilarious mysteries from Chet's tattered casebook, he and his mockingbird partner, Natalie Attired, must catch a cafeteria thief, foil the sinister plans of a weaselly zombie master...and still take part in the Nations of the World PTA assembly. (Fourth-grade detectives get no respect.)
