This volume provides new perspectives on the prevalence, causes, and effects of stalking in intimate and non-intimate relations. Covering a wide range of topics from offender profiling, the dangers of stalking, cyberstalking, traumatic health effects, and the responses of the police and courts to stalking, this book will be relevant to a wide range of professionals and students in the fields of mental health, criminal justice, law, social work, medicine, nursing, public health, security/safety, and Internet technology.
