Love means never having to say you're sorry. Casual relations means never having to say anything at all. And so goes the forward thinking of Rayne Summers, the 24-year-old corporate executive at the heart of the Least I Could Do universe. A sex-obsessed Narcissist who uses his charm, humor, and vivid imagination to enjoy life as much and as often as he can possibly manage, Rayne's own happiness, often at the expense of others, comes first. Joining Rayne in the majority of his adventures is Noel, a successful engineering consultant who tends to go with the flow of things, as he long ago learned the futility of resistance. Best friends Mick, Issa, and Rob round out the group, but don't nearly complete the cast.
