Superbly illustrated volume documents long line of great ships -- from "floating palaces" such as the "Imperator" (1913) and the "Vaterland" (1914) to such luxurious cruise ships as the "Statendam" (1957), "Hamburg" (1969), the remodeled "Bremen"

(1990), and the new "Deutschland" (1998). 178 rare illustrations offer views of ships at sea and in ports.
