A study of physical education, this text corresponds to the Qualifications Curriculum Authority (QCA) criteria for A-Level study in PE, as stipulated for the development of

A-Level syllabuses in sport. The book prepares students for course exams and university study. It presents comprehensive coverage of the educational, ethical, biophysical, historical, social, political, cultural and psychological dimensions of performance, studied in A-Level PE. The text is supported by an interactive Web site and CD-ROM.
