An important addition to the Experts In Assessment series, Holistic Accountability is an

essential guide to creating a holistic accountability system. Douglas B Reeves includes four building blocks: structure; collaboration; implementation; and communication, plus step-by-step instructions on creating a holistic accountability system. Each chapter builds upon the other until the final pieces come together in chapter eight. The author defines holistic accountability, dispels accountability myths, and suggests better ways to improve teaching and learning and always focuses on the central purpose of accountability, which is the improvement of student achievement.
