装帧:Hardcover

isbn:9780803973503

Providing both the practical steps for doing discourse analysis and the theoretical justifications for those steps, this book shows students how the social world revolves around talk and text. The authors draw on conversation analysis, critical discourse analysis, pragmatics and the discursive approach developed in social psychology. The book present actual examples, covers data collection methods and strategies for data analysis, and addresses issues of reliability and validity.

书评

同样适用于搞语篇分析的研究生们看，也值得老师们看，我个人觉得这些书都是比较基础的，搞研究必须要看的，它是一本方法论的书，很实用。
