U.S. Latinos have made important contributions to American society, and this biographical dictionary is devoted to celebrating those contributions. All 127 men and women profiled in this work have immigrated to or been born in the United States and have made major contributions to American life and culture. Cuban Americans, Puerto Ricans, Mexican Americans, and others of Spanish, South American, Central American and Caribbean heritage--more than one-third of them women--represent 35 fields of endeavor and all 50 states. From historical figures to the newest sports champion, figure-skater Rudy Galindo, this work provides profiles of both prominent and important but less-familiar people who have made significant contributions in their fields. Many of those profiled can be found in no other biographical source. A selection of photos complements the text.
