"A book all of us who work with children ought to read carefully and "visit" often."
-Robert Coles, author of The Spiritual Life of Children "It is sheer reading pleasure, enlightenment, insight, the discovery of a side of children many of us never see, a side of ourselves generally masked, a glimpse of history our school texts never touch, and an enrichment of our own spirit." -Joseph Chilton Pearce, author of The Magical Child
Every now and then the past yields up one of its lost treasures. This book is just such a gem. Bronson Alcott, friend and sometimes mentor to Emerson and Thoreau in Concord, was also a visionary educator who believed that the psyche of a child already carries within it the imprint of spirit and wisdom. At his school in Boston in the 1830s, he held this extraordinary series of conversations on such themes as spirit, consciousness, conscience, love, humility, the Holy Ghost, and the knower.
