"A valuable contribution to the literature of theology and ethics, combining in a fascinating way biblical, theological, pastoral, and socioethical themes. . . The study is of immense value because it identifies the modern idolatry that views suffering as absurd and devoid of meaning. . . The book is a marvelous exercise in cultural self-analysis that is preliminary to any meaningful exorcism and redirection." --Kenneth Vaux Theology Today "Passionate, imaginative, learned, literary, pithy, and at every point searching, Suffering is a notable achievement, not least because it pricks the heart and conscience, making the reader share in the deep experience of suffering that lies behind its writing." --James A. Carpenter Anglican Theological Review
