著者:James Barr

出版者:W. W. Norton & Company

出版时间:2009-7-6

装帧:Paperback

isbn:9780393335279

"Barr turns history into a drama, with bright writing and a fascinating cast of characters." —Mary Foster, Associated Press T. E. Lawrence's classic Seven Pillars of Wisdom made the Arab revolt a legend and helped turn him into the mythical "Lawrence of Arabia." Setting the Desert on Fire is both a masterly account of the intrigue behind the revolt and its startling consequences for the present-day Middle East and a portrait of Lawrence that brings fresh insight to the true nature of the master mythmaker. 31 photos; 3 maps
