Now they must become allies to solve her murder Six months after Rebecca Harris was murdered in front of the Orange County Journal offices, Joshua Weinstein discovers the identity of her murderer: Vann Holt, a brilliant military tactician and leader of a right-wing private security organization. Now, all he needs is the proof. And the only person he knows who is as driven about avenging the murder is John Menden. Using the most sophisticated FBI techniques and equipment, this unlikely duo teams up to bring down the man that ruined their lives. But neither expects that the man who is their target will be quite so intelligent and cunning, nor his daughter quite so alluring.
