In the same tradition as Jill Bliss and Hammerpress, Eleanor Grosch's classic, modern designs speak to a wide audience of both fashion-forward youth and more traditional journalers and stationery buyers. Eleanor's work has received great exposure over the

past few years, from band posters to skateboard art, to housewares by Skip Hop, to a pair custom-designed Ked's sneakers. The new Wire-o notebook format is resonating well (Cath Kidston S06, Hammerpress F07). With the classic copper wire-o, the silver and gold foil on the paper-over-board cover, this bold graphic image should appeal to both men and women. It is a perfect 'at-work' notebook.
