Stock car racing is a \$2-billion-a-year industry that draws crowds totaling 5.5 million fans in a single season. The beginning of stock car racing's premiere organization, NASCAR, can be traced to December 14, 1947, when Bill France began a series of meetings at the Streamline Hotel in Daytona Beach. Thirty-five participants debated the future of their sport and subsequently founded a professional racing series first called Strictly Stock, which eventually evolved into today's NASCAR Nextel Cup Series. Covering both the sport's humble beginnings and phenomenal successes, this day-by-day reference work chronicles the important moments in NASCAR history. Also noted are such events as driver births and deaths, memorable races, and miscellaneous facts.
