Granny's coming for Christmas, and there's ever so much to do! There are presents to shop for, Christmas goodies to bake, the tree to dig up and decorate — and of course, the house is a mess. Will they get everything cleaned up and ready in time? What's that knock at the door? It couldn't be Granny already... could it? Doing Christmas is a warm and lovely reminder that Christmas needn't be a perfectly orchestrated affair and that the holiday spirit triumphs over all.
