"Yeah but...", I started, "then I decided to confront what I thought was probably really bothering her. "Look, about Jonno. I didn't mean for anything to happen. He just kind of..."After a game of truth or dare, Lia manages to gain the interest of the school heartthrob, and alienates "teen queen" Kaylie, who was after Jonno for herself. Kaylie and her friends then start a campaign of bullying against Lia -- the nasty, underhanded kind where rumors are spread, threats are sent, secrets are exposed, and confidence is undermined. Soon Lia begins to question her whole life: who she is, why these girls have got it in for her, and who her "real" friends are....
