The Chrysler Corporation started using Mitsubishi engines many years earlier. It was a

great success and the alliance continued when the Mitsubishi 3000GT appeared wearing Dodge badges and the name Stealth. By this stage Mitsubishi had demonstrated that it was fully capable of competing alongside the longer-established super-coupT builders and the sleek 3000GT boasted 0-60mph in under six seconds straight out of the box. This is a book of contemporary road and comparison tests, technical and specification data, new model introductions, driver's impressions. Models covered include: 3000GT, Stealth R/T, 3000GT VR-4, Stealth R/T turbo, Stealth ES, 3000GT Spyder VR-4.
