This title features 10 easy-to-build, and fun-filled playground projects - from tree houses to swing sets and monkey-bars. This superbly illustrated volume provides

readers with a complete guide to building a huge range of outdoor play structures - from great-looking tree houses and kid-sized picnic tables to fun-filled swing-sets and slides that kids are sure to love. "Ultimate Guide to Kids' Play Structures and Tree Houses" features expert information and advice on everything you need to build these 10 fun projects. Chapters cover planning, getting the right tools and materials, constructing your chosen structure, and how to add those all important finishing touches. With its superb easy-to-follow, illustrated instructions, this is a must-have for anyone considering building their own playground equipment. This volume also includes: complete materials and parts list for each project; guides to making the projects safe & durable; and, complete glossary & index.
