A hero without peer or scruples, Sam Gunn has a nose for trouble, money, and women--though not necessarily in that order. A man with the ego (and stature) of a Napoleon, the business acumen of a P. T. Barnum, and the raging hormones of a teenage boy, Sam is the finest astronaut NASA ever trained... and dumped. More than money and women, Sam Gunn loves justice. Whether he's suing the Pope, helping twin sisters entangled in the virtual sex trade, or on trial for his life on charges of interplanetary genocide, you can be sure of one thing: this is one space jockey who'll meet every challenge with a smile on his lips, an ace up his sleeve...and a weapon in his pocket. This Omnibus presents all of the tales of Sam Gunn to date, including three never before collected in book form. Here is the entire chronicle of Sam Gunn, trailblazer and scoundrel, as he scams his way from one end of the Solar System to the other, giving bold new meaning to the term "venture capitalist."
