Imagine having an exciting high-paying job showing people and companies how to make a fabulous impression. Welcome to the world of image consulting! Image consulting is a booming industry thanks in part to the popularity of television shows such as *What Not to Wear*, *Extreme Makeover*, and *Queer Eye for the Straight Guy*. As an image consultant, you can give people advice that will help them achieve what they want – whether it is to get a new job, to make a good impression, or simply to feel good about themselves. The book's contributors include beauty, fashion, and business editors for some of the top magazines in North America. To give you insider advice on how to get started as an image consultant, the authors of this *FabJob* guide interviewed more than 30 successful image consultants and other experts such as Michael Thurmond of ABC TV's *Extreme Makeover*. The information in this book can save you many hours of research, help you avoid some common mistakes, and give you information you need to become an image consultant. As long as you have the desire, you can become an image consultant. No special education or experience is necessary to break into this career and succeed.
