One of the bestselling collections of some of the top Science Fiction of the year ibooks bestselling "Best Of" book. One of the first Best of anthologies to come out in the new year. Edited by respected and Hugo-nominated writer Karen Haber. Continuing ibooks' popular "Best of the Year" books edited and designed to appeal to science fiction fans and get it on their shelves. Here is a collection of some of the best SF prose written in 2005 by some of the genre's greatest writers and selected by one of science fiction's most respected editors and writers. Due to the timing of solicitation, the final lineup of authors and stories is still to be determined/finalized. Karen Haber is a Hugo-nominated editor and best-selling author whose novels include *Woman Without a Shadow* and *Star Trek Voyager: Bless the Beasts*. She is the editor of *Meditations on Middle-Earth*, a Hugo-nominated collection of essays, of *Exploring the Matrix*, and is the co-author of *Science of the X-Men*. In addition, she has co-edited the Year's Best SF and Universe anthologies with her husband, Robert Silverberg. She is the art books reviewer for *Locus* magazine and regularly profiles artists for various publications including *Realms of Fantasy* magazine. Her short fiction has appeared in *Asimov's Science Fiction* magazine, the *Magazine of Fantasy and Science Fiction*, and many anthologies. Her most recent book is the young adult science fiction novel *"Crossing Infinity."*
