Like Dead Man Walking and The Cloister Walk , this stirring book is a story of spiritual transformation, one that is all the more remarkable because that transformation took place late in life. For nearly thirty years, Mother Antonia has lived in Tijuana’ s La Mesa prison, where she ministers to some of the most maltreated inmates on earth. But before she took up her calling at age fifty, the Catholic nun was a Beverly Hills socialite who had been married and divorced twice and raised seven children. In chronicling her journey, The Prison Angel demonstrates the power of radical kindness to change the human heart.
