Old Ghosts of New England represents a unique marriage of the travel guide and the book of ghost stories – a traveler’s guide to the many purportedly haunted inns, restaurants, lighthouses, pubs, museums, parks, graveyards, and schools in the New England states – as well as a few of the region’s most infamous haunted houses. Painstakingly researched, this book delves deep into the histories of New England’s “old ghosts” and provides pictures, maps, directions and contact information so that readers may conduct their own investigations into the paranormal phenomena of New England. 50 black & white
