Bullets wont bring down this killer. Itll take a vampire. Having survived a violent husband, Homicide detective Beth Andrews has no patience for abusers. In her eyes, Mad Jack is committing the ultimate abuse against the women of Oklahoma Citymurderand shell stop at nothing to bring him to justice. Even risk her own life. The sexy mind scientist shes been paired with is a distraction she doesnt need, but hes getting under her skin in more ways than one. She spends her days investigating the murders. Nights, discovering Sam. Criminal psychologist Sam Jordan knows he is two things Beth doesnt trust: A shrink, and a man. But Beth needs his help more than she knows, because like the killer they hunt, Sam is a vampire. And hes been pursuing Jack the Ripper for longer than Beths been alive. Revealing himself would do more than destroy her fragile trust. It could make her Mad Jacks next target.
