The "Encyclopedia of Hinduism" contains over 750 entries reflecting recent advances in scholarship which have raised new theoretical and methodological issues as well as

identifying new areas of study which have not been addressed previously. The debate over the term 'Hinduism' in the light of post-Orientalist critiques is just one example of how once standard academic frameworks have been called into question. Entries range from 150-word definitions of terms and concepts to 5,000-word in-depth investigations of major topics. The "Encyclopedia" covers all aspects of Hinduism but departs from other works in including more ethnographic and contemporary material in contrast to an exclusively textual and historical approach. It includes a wide range of subject matter such as: historical developments (among them nineteenth and twentieth century reform and revival); geographical distribution (especially the diaspora); major and minor movements; philosophies and theologies; scriptures; deities; temples and sacred sites; pilgrimages; festivals; rites of passage; worship; religious arts (sculpture, architecture, music, dance, etc.); religious sciences (e.g. astrology); biographies of leading figures; local and regional traditions; caste and untouchability; feminism and women's religion; nationalism and the Hindu radical right; and new religious movements. The history of study and the role of important scholars past and present are also discussed. Accessibility to all levels of reader has been a priority and no previous knowledge is assumed. However, the in-depth larger entries and the design of the work in line with the latest scholarly advances means that the volume will be of considerable interest to specialists. The whole is cross-referenced and bibliographies attach to the larger entries. There is a full index.

到底看完了，很不错

-----  
随手翻看一个词条就发现两个错误...parashurama--说持斧罗摩二十二次肃清大地上的刹帝利（实为二十一次），说摩诃婆罗多主角阿周那偷了食火仙人的神牛后被持斧罗摩斩首（实际上被杀者叫kartavirya

arjuna，作武/千臂阿周那，跟摩诃的阿周那半毛钱关系都没有）。弃了
