Lighthouses hold a perennial fascination for all sorts of people - an indicator of danger, a beacon of the sea, laced with history and romance and a magnet for coastal walkers,

holiday makers and tourists. This book is a beautifully presented panorama of over 150 lighthouses from 56 countries all around the world, all of which are accessible and many of which can be visited. From lighthouses boldly beaming their lights from clifftops, to those clinging to the edge of cliff faces, this is a spectacular and unusual celebration of lighthouses from every continent. This is a wonderful gift book in original packaging and a novel format which is just perfect for presenting lighthouses in all their glory.
