A fictional murder mystery surrounding the alleged suicide of Nazi Rudolph Hess that focuses on his occult background in Egypt and his intriguing influence on General George S. Patton who was assigned the task of recovering the enigmatic Vril flying saucer program Hess had sponsored in pre-war Germany. In the background is a mysterious brethren of magicians who seek to influence the destiny of Mankind via the ancient technology of Atlantis, all of which leads to a mysterious association with an indigenous people and an ancient mountain known as Monatauk.
