Most of the other faux-painting titles in the market focus on either room shots or finished paint swatches, but do not successfully evoke both inspirational and hard-working images. "Designer Faux Finishes" fills that empty niche. The room

designs in "Designer Faux Finishes" will inspire homeowners to transform their homes into leather-worn libraries, ancient grottos or French streetscapes, with just a little help from paint. Each image shows a faux treatment within the context of interior colour, design, and lighting, enabling readers to make design decisions when working on their own, or with interior designers. Tutorials deconstructing the techniques are included, instructing readers on the nuances of replicating those looks in their own homes.
