Designed to be concise and easy to use, this volume focuses on pancreas cytopathology. It is the ideal companion for practitioners on the move. It is published in the Essentials in Cytopathology book series and fulfills the need for an easy-to-use and authoritative synopsis of site specific topics in cytopathology. These guide books fit into the lab coat pocket, ideal for portability and quick reference. Each volume is heavily illustrated with a full color art program, while the text follows a user-friendly outline format.
