Graphic novels have entered the mainstream and become the hot category for both established professionals and aspiring artists. From super-heroes to werewolves, Hollywood is increasingly looking toward graphic novels to adapt into films..."V For Vendetta", "Road To Perdition", "A History of Violence", "The Watchmen"...these are just a few graphic novels which have enjoyed immense popularity and translation into big-budget films.In "The Everything Guide to Writing Graphic Novels", professional

comic creators Mark and Melissa Ellis break down the graphic novel creation process into easy to follow steps, from the creation of characters to gripping storylines and the ins-and-outs of publication.
