The second in our "Collector's Series" of rare archival talks by Paramahansa Yogananda, this is the final talk to be converted to compact disc which was previously only available on cassette. The entire "Collector's Series" is now available on CD. This particular talk was recorded in 1952, at the Self-Realization Fellowship headquarters in Los Angeles, on the occasion of Paramahansa Yogananda's birthday - just two months before his passing. In this spontaneous outpouring of his heart, he touches on the entire spectrum of spiritual living. Through personal stories and practical guidance, he explains why finding God is the only permanent solution to the enduring problems of human existence. The outstanding quality of the recordings in this series brings

Yogananda intimately close to the listener. His wise and oft-times witty counsel make these recordings a must for admirers of Yogananda's works.
