Love's confusions are legion. We promise to love, but we cannot love at will. Love God, we're commanded, but we cannot love on command. And given the vicissitudes of self-love, even if we could love our neighbours as we love ourselves, would it be a good thing to do so? These are a few of the paradoxes that typically lead philosophers to oversimplify love - and that draw C. D. C. Reeve to explore it in all its complexity, searching for the lessons to be found within love's confusions.
