Sam is back in a new story, with a new friend-but she's a girl! Sam is friends only with boys! Boys are strong and tough-girls aren't. But when Ellie joins Sam's class and he's forced to get to know her, he finds out that her parents may be getting a divorce. Then Sam sees just how strong and tough a girl can be, and he makes his first girl friend. Readers will relate to Sam's feelings-and his change of heart-and the bold colours, engaging animal characters, and gentle humor are perfectly suited to the preschool audience.
