It's the ultimate female fantasy...tied up, teased to the brink of sexual release, and still begging for more. Experience total submission in these erotic stories of bondage and desire... Restraint

Vonna Harper Eve approaches her current job of inventorying soundstage sets that were once used to make adult films with her usual no-nonsense style. But when she walks onto the dungeon set, she's instantly aroused. She touches the restraints, slips on a blindfold, and runs the whip down her body until she's wet with desire... Mirrors Within Mirrors

P.F. Kozak As a high-powered executive, Patricia is always in control. But when she confides her secret desire to be submissive to her handsome, imposing therapist Marc, he suggests some unusual role playing. Now Patricia is his willing sex slave, aching for release at the hands of her master... Fit To Be Tied

Lisa G. Riley Straitlaced Chloe knows appearances are everything, and she's careful to look and act appropriately at all times. But late one night she tells Logan her secret sexual fantasy: she wants to be tied up, touched, and teased until she begs for release. And Logan couldn't be more turned on...
