Relationships end and even the most callow among us take something away. That's what this book is about - whether it be major life lessons, like 'If you lie, you will get caught', simple truths like, 'Flowers work', or something wholly unique like, 'Watch out for the high strung brother in the military'. This anthology is comprised of pieces drawn from an array of impressive celebrities, writers and public figures. Some pieces are paragraph in length while others are full-blown essays. All of them are about that salient something men take away from a failed relationship. Yes, men learn. This is not a touchy-feely book. This is not a self-help book. This is a book packed with smart, funny and insightful stories from men you probably thought never got dumped...or if they did, would never admit it.
