“A tiny fragment of life, simply told and yet touching in the extreme.” —French Book News Pierre, a lifelong Parisian waiter, watches people come and go, sizing them up with great accuracy and empathy. Pierre doesn’t look outside too much; he prefers to let the world come to him. When the café goes under, Pierre finds himself at a loss. As we follow his stream of thought over three days, Pierre’s humanity and profound solitude are revealed. Dominique Fabre is the author of six novels. He won the Marcel Pagnol Prize for *Fantômes* in 2001. *The Waitress was New* is his first book to appear in

English. Jordan Stump is a noted translator of modern French novelists, including Marie Redonnet and Éric Chevillard.
