"Robin to the Rescue" contains 200 new time-saving recipes, helpfully organised by course/main ingredient. For ease of planning, each recipe states prep-time, active cooking time, and walk-away time (the time a dish can be left cooking without supervision). In addition there are instructions for Quick Fixing meals - doubling-up on

portions and morphing into other meals - making this a hugely versatile book, and a godsend to busy cooks who don't want to compromise on taste.
