Cafe Life New York is an essential companion for anyone committed to discovering the true heart of one of the world's greatest cities. Discover the Cafes of New York City, the neighborhood hangouts that even street-smart New Yorkers often miss. Organized according to neighborhood, this book, the newest addition to the popular Cafe Life series, features those Cafes that anchor neighborhoods and make life in the city richer and less daunting. The highly personal and richly anecdotal text, supplemented by color photographs that beautifully evoke both the city and its Cafes, portrays the magic and allure of New York's Cafe culture from the perspective of both Cafe owners and patrons. Learn about New York's neighborhoods through its Cafes; learn about New

York's Cafes through its neighborhoods. Each reflects and reveals the other.
