In *The End of Spring*, Sahar Khalifeh chronicles the struggle of the Palestinian people with a humane depiction of Palestinian resistance fighters during the 2002 siege of Yasir Arafat's official headquarters. Khalifeh's tender and moving portrayal of her protagonists delves into the inner consciences of the men and women and children who were involved in the actual resistance--or were simply caught in the middle. These characters come alive through Khalifeh's use of Palestinian colloquial diction, as does the setting, through her measured attention to the details of the natural surroundings in which the characters live, fight, and die. *The End of Spring* is a riveting novel that captures the reader's attention from beginning to end. It gives a heart and a face to the Palestinian struggle.
