In WHITEOAKS OF JALNA, the chronicle of the Whiteoak family continues, with rivalries, tangled relationships, and secret love affairs. Grandmother Adeline dies at 101, and the family is shocked when sensitive young Finch inherits her fortune. Again, all the action takes place in or near the red-brick house that has a peculiar haunting power over every member of the family. Each book is a complete and satisfying story in its own right, but the Jalna series has proven itself to be addictive to generations of readers.
