This volume provides practitioners with clear, helpful information about the process of

understanding and engaging a wide array of boys and adolescent males in counseling. It supplies case examples and covers topics including race, ethnicity, religion, and other cultural factors of boys. A practical tool for school and mental health practitioners who need to understand and respond to the developmental and special issues of boys and adolescent males, "Counseling Troubled Boys" creates a bridge between young men and helping professionals. The key content includes adjustment issues, strategies for establishing rapport, interventions, case studies, and suggestions for future training and research.
