Mastering the World of Psychology is a briefer paperback version of the text that does more to support student learning than any other introductory psychology text available. It makes the connection between scientific principles and the everyday lives of today's diverse student population. Now organized around numbered Learning

Outcomes, the Third Edition of Mastering the World of Psychology is even better equipped to help readers succeed and to apply their knowledge of psychology to their lives. The SQ3R methodology, wealth of pedagogical features, MyPsychLab resources, and built-in Study Guide and Practice Tests make this the ideal learning and study resource.
