Featuring over 54,000 entries, this thoroughly updated Sixth Edition contains the medical terminology used in over 30 of today's fastest growing health profession areas-plus comprehensive inclusion of entries suited for the nursing field. The book includes 1,000 enriched color images and photographs, a glossy insert with detailed images by Anatomical Chart Company in a glossy insert, 68 appendices, and cut thumb tabs for quick A-to-Z reference. More than 46 leading consultants from health professions and nursing contributed to the enhancements of this edition. A bound-in bonus CD-ROM includes the features of the print edition in fully searchable format, over 48,000 audio pronunciations, approximately 50 anatomical animations, plus a free version of Stedman's Plus Medical/Pharmaceutical Spellchecker (a \$99.00 value).
