Lois Hole - master gardener, school trustee, university chancellor, lieutenant-governor, and generous spirit - lived her life with passion and conviction. Never afraid to say what needed to be said, she has bequeathed to every one of us a legacy of caring: for friends and strangers alike; for our children: for Our future. Lois' speeches, carefully selected and edited by Mark Lisac, afford a rich, enduring memory of the voice that inspired and encouraged people far and wide. This book is the perfect keepsake for those who have been touched by her words.
